The **PSAT/NMSQT** exam measures the verbal, math and writing skills that students have developed over the course of their education. It serves as a valuable tool to assist students, parents and schools with early college preparation and planning and is great practice for the SAT exam. In December 2004, your son will receive his score report which will include scores and itemized feedback on test questions as well as suggestions for improvement. The PSAT is only a practice test and scores are reported only to the student and his high school, and are not sent to colleges. Classroom learning is the basis for test questions and there is no formal preparation needed. Students who achieve superior scores may enter the National Merit Scholarship Competition.

Seniors and Parents ~ Save the date: Wednesday, October 20th at 7:30 pm for an Evening with Yeshiva University. Meet Mr. Michael Kranzler, Dean of Admissions of YU who will discuss the admissions process, joint Israel programs and scholarship requirements. Don't miss this informative evening to be held at DRS.
